가구원수별 생활비 지출비중

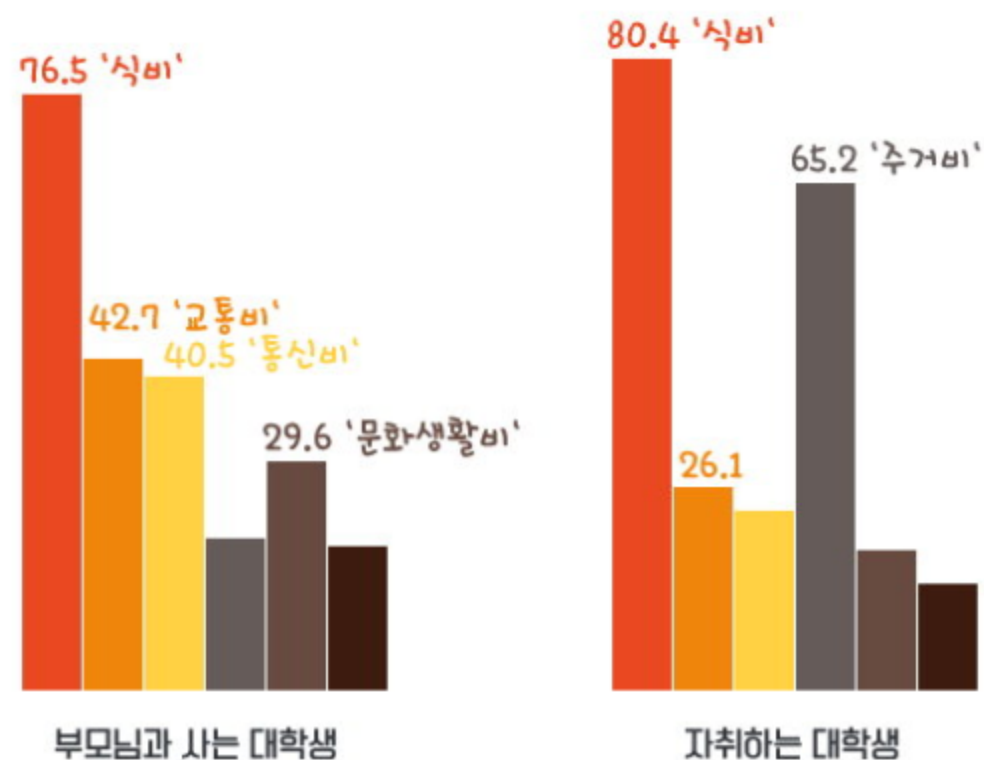

자료 : 한국보건사회연구원(2014), 2013년 서울복지실태조사 (서울거주 3,798가구 대상)

대학생 한 달 용돈 평균 69만원

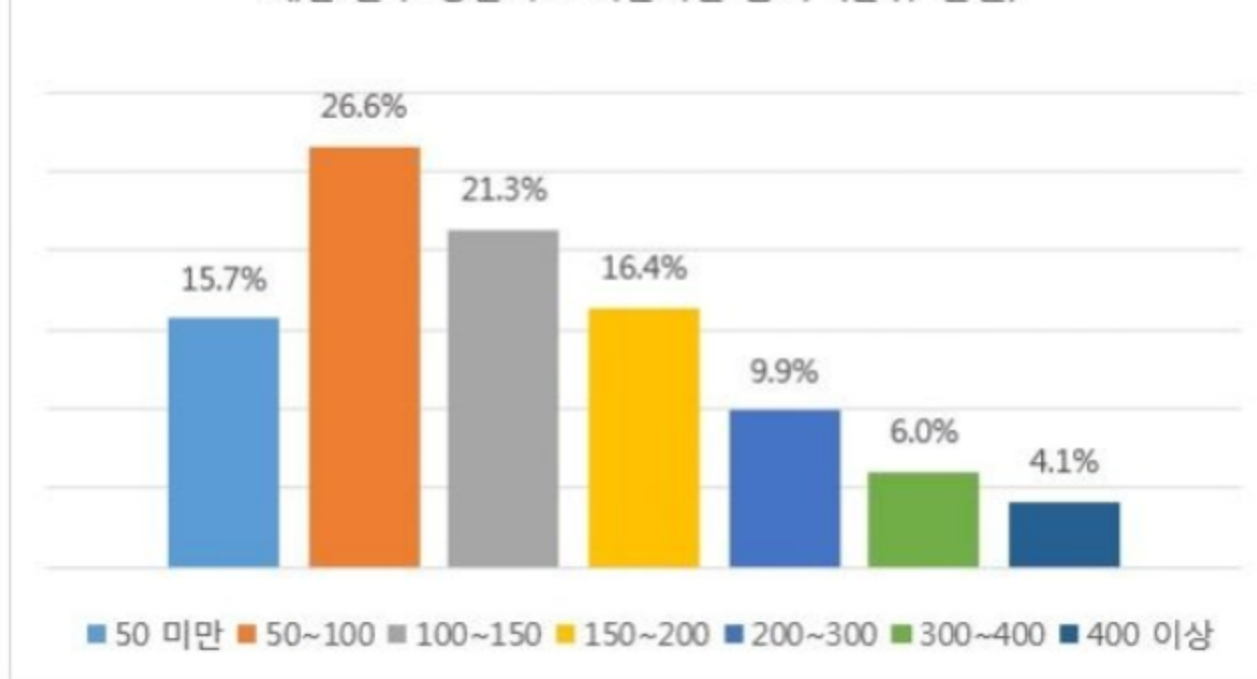

남녀대학생 496명 조사 ※출처: 알바몬

* 용돈 주사용처_복수선택, 응답률(%)

albamon

매달 순수 생활비로 지출하는 금액 (단위: 만원)

REDUCE FOOD EXPENSES!

Food expenses is one of the expenses people want to reduce but actually can't because it's so essential in our daily life.

So we devised a website that will help people reduce unnecessary expenses on food by recommending cheap and delicious recipes. We also allow them to plan their weekly diet and calculate its price in order to manage their expenses.

#01

Service Description

Recipick

Website that allows you to manage your expenses on food by searching and sharing recipes for cheap meals, and planning weekly diet.

Target customers

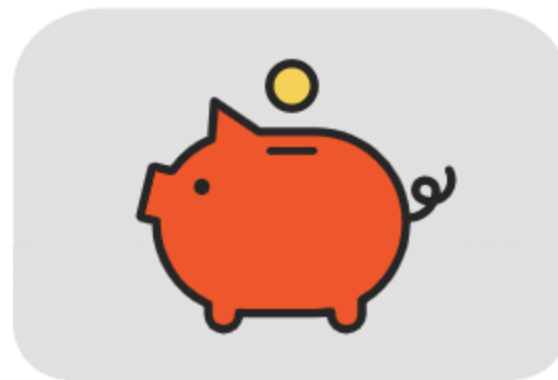

Those who want to save up money on food expenses.
Especially, those who live alone (1인 가구), university students...

Target customers

Plan meals for a week
and calculate total price

Search based on price

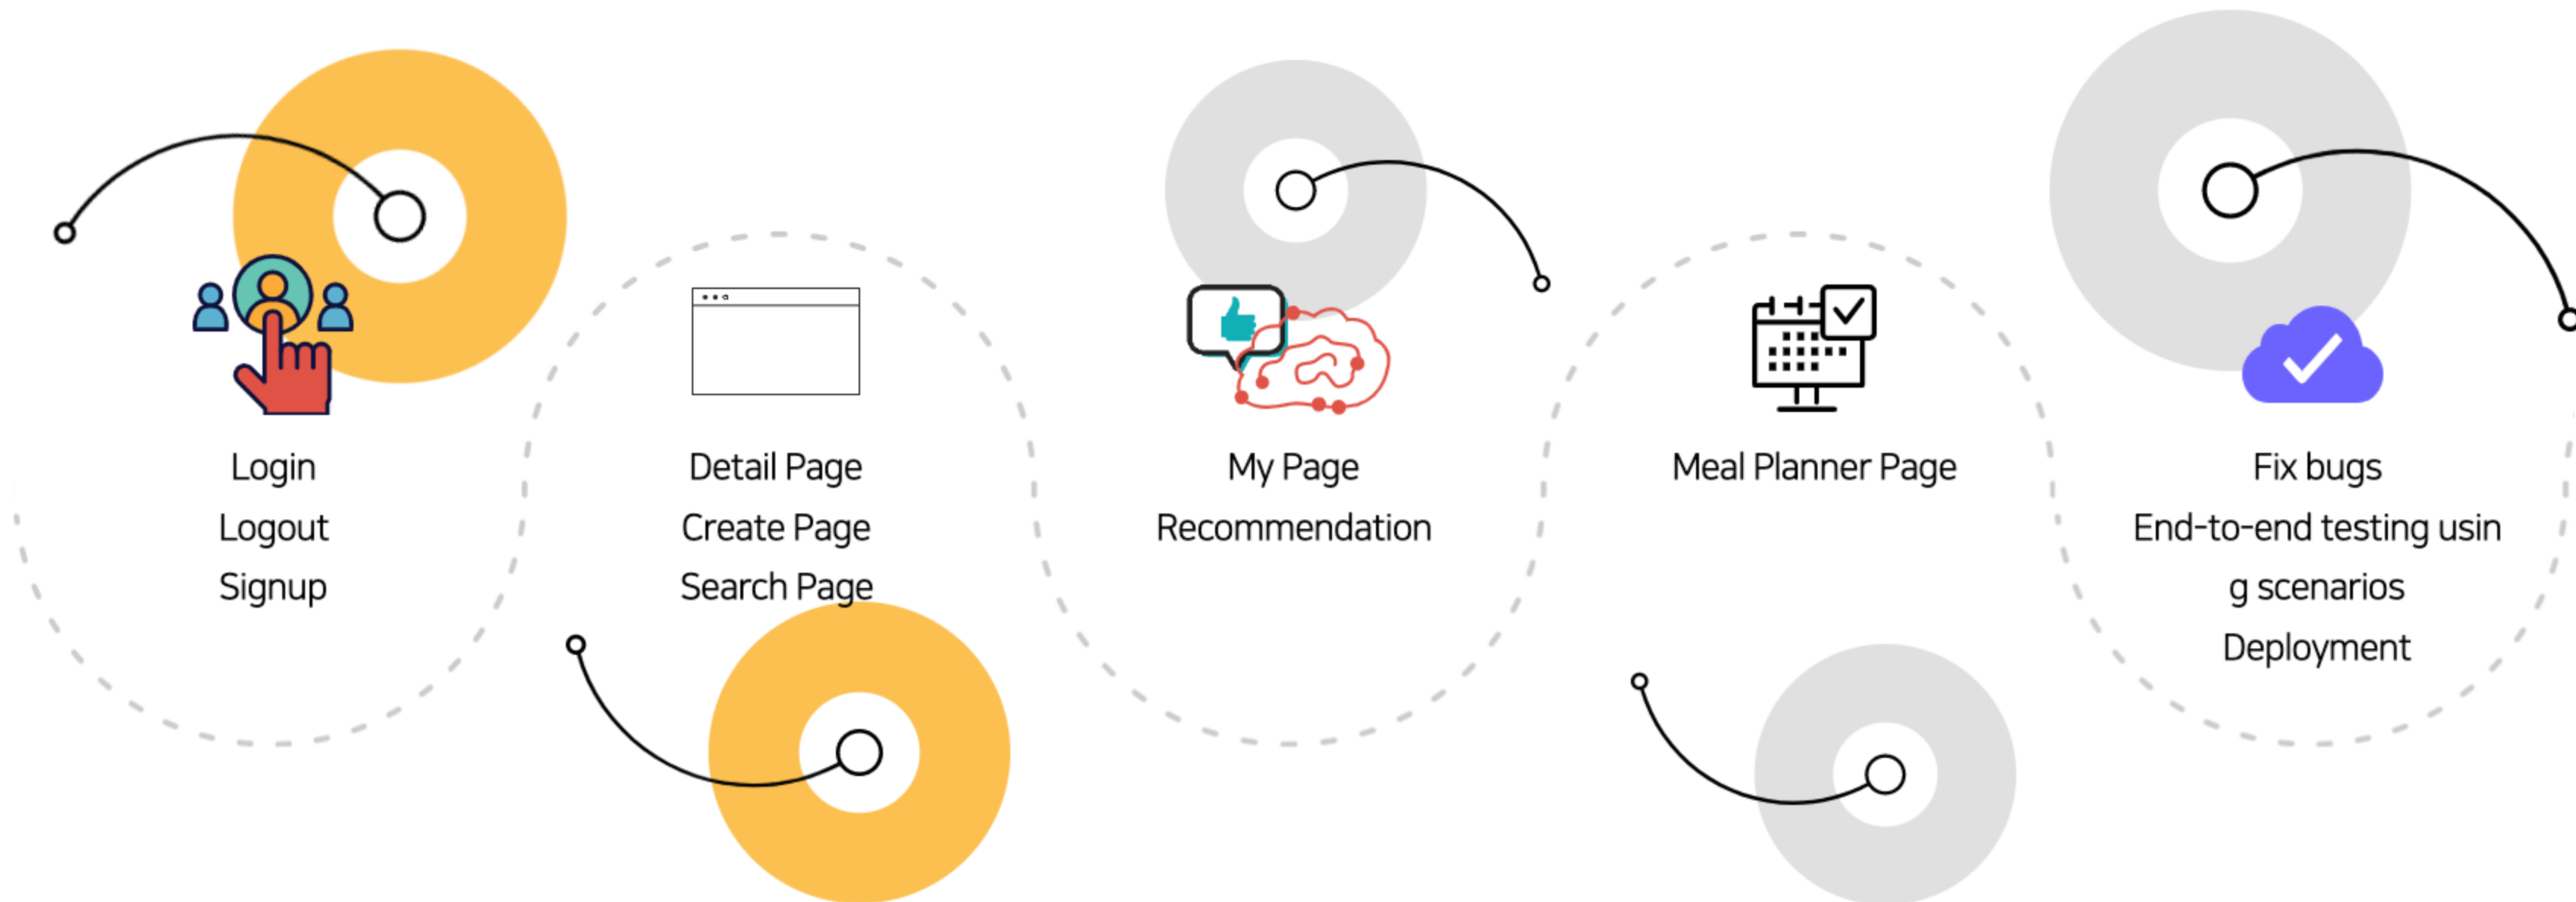

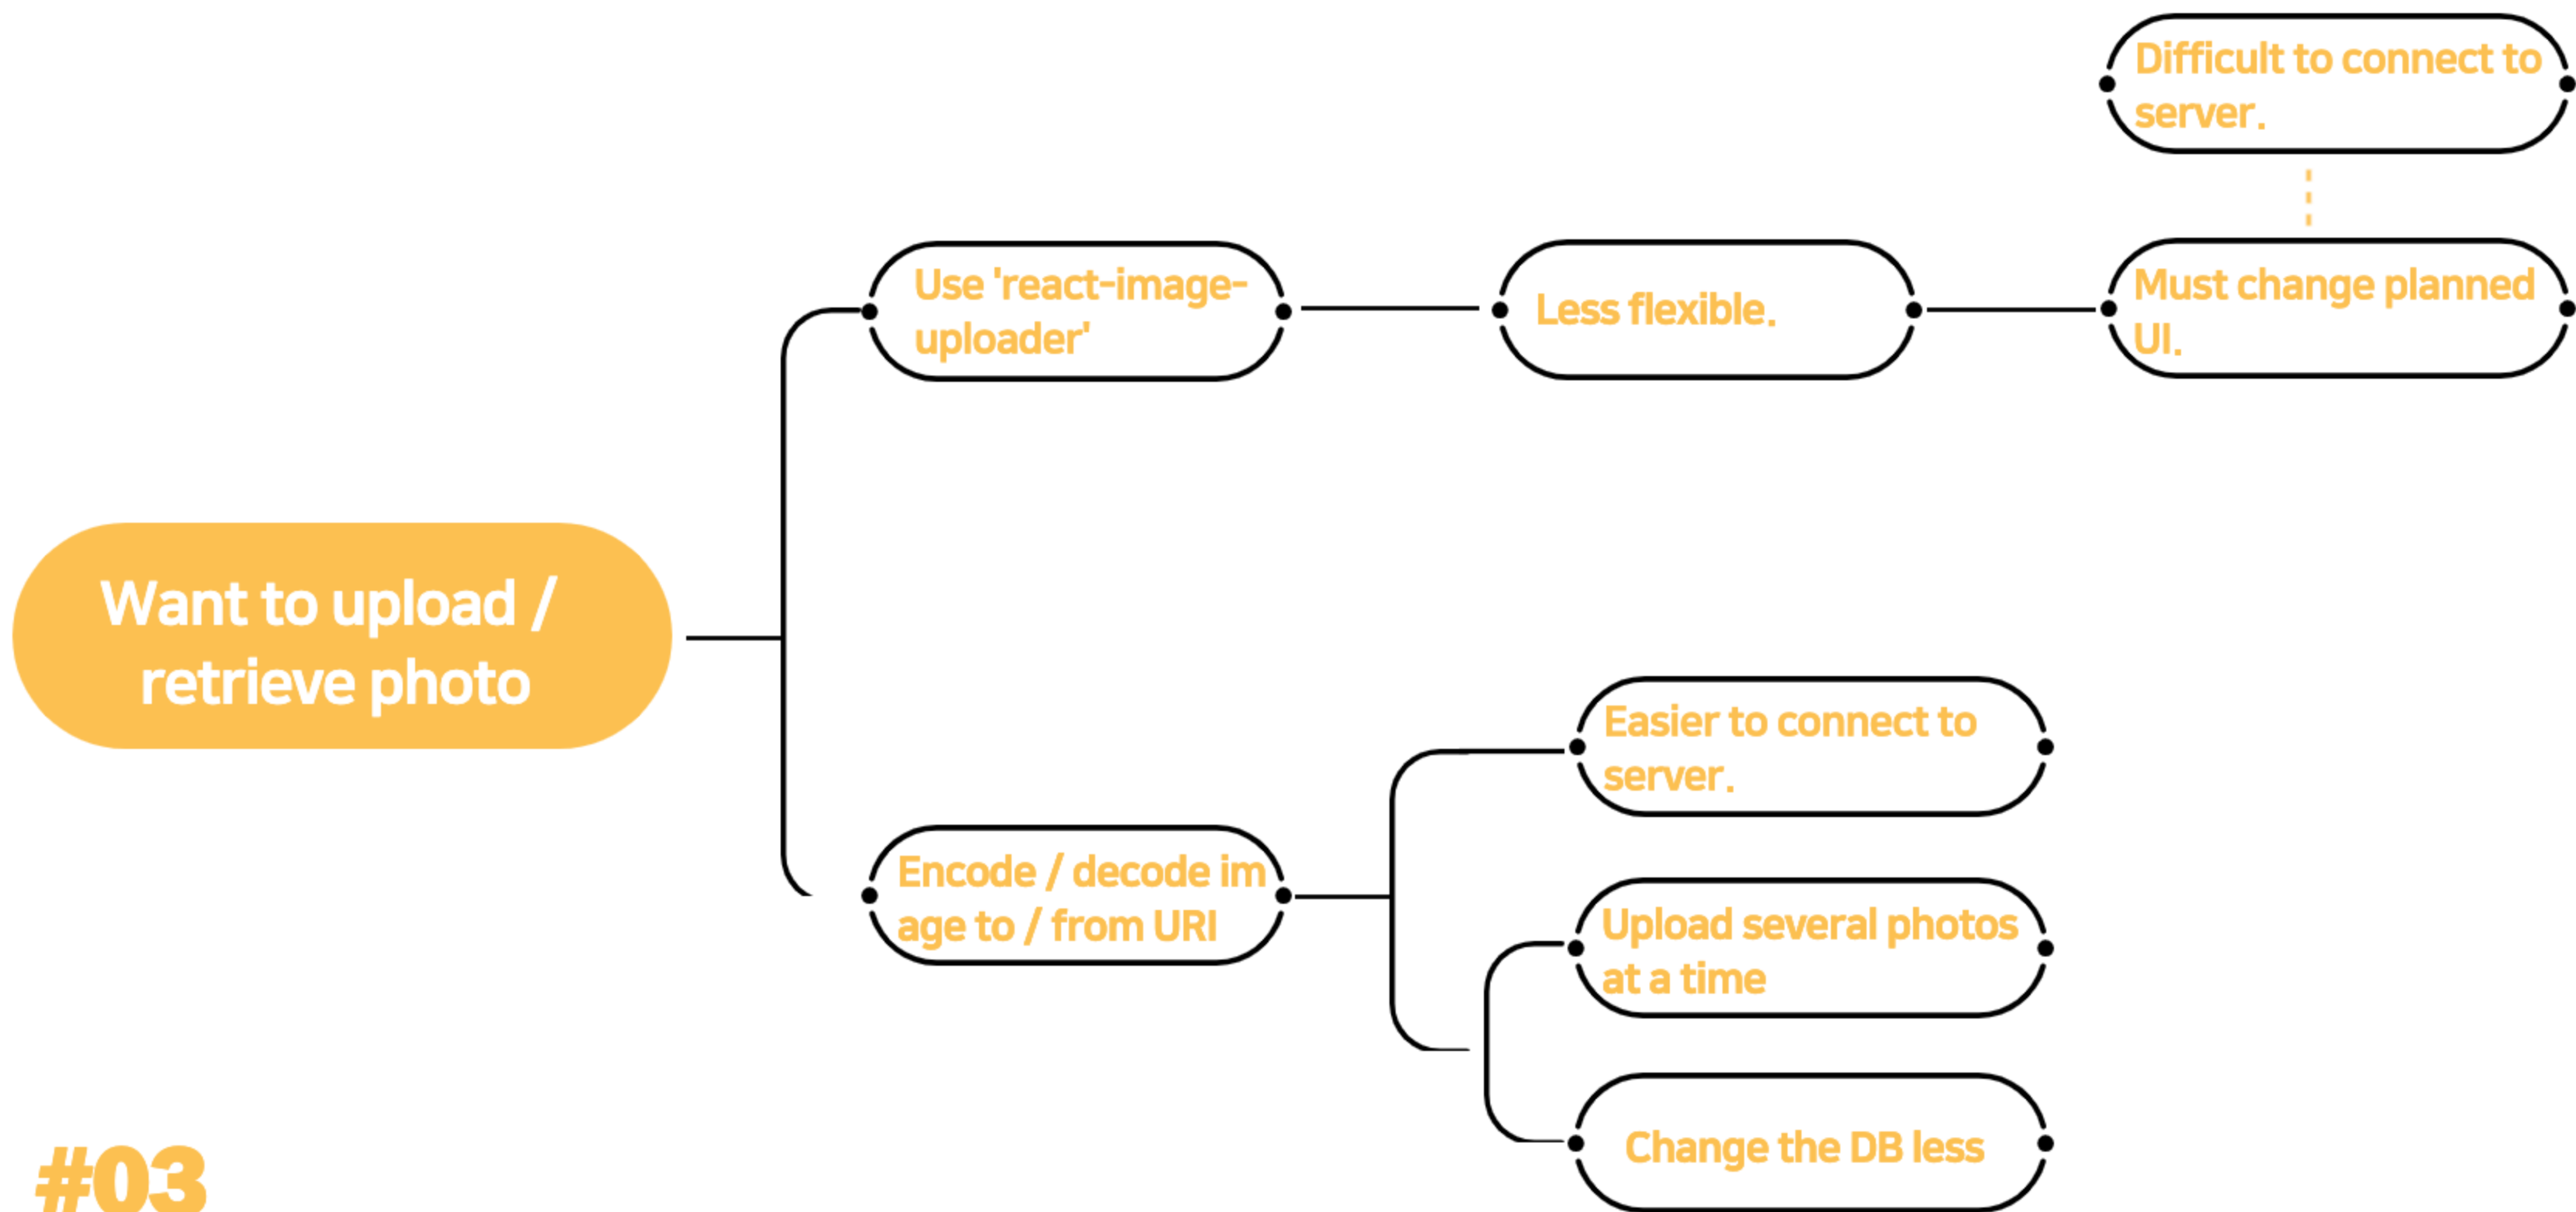

Recommend recipes
based on preference
(previously liked /
scrapped recipes)
